

Class 4 visited York Minster yesterday to take part in the bi-annual Diocesan visits, when children from church schools throughout the region visit the Minster to discover more about its history.

Mr. Little, our tour guide, first gave the children the opportunity to dress up as vicars, bishops and an archbishop, explaining the meaning of each garment. The children then learned about the history of the building from its very earliest Roman origins to the present day. They then had the opportunity to take part in inter-active learning games.

After lunch the children had a tour of the Minster, learning about the features of the building, interesting facts and some of the stories behind historical events. The day culminated in a candlelit act of worship in the crypt.
