

Class 3 Homework Autumn Term (2nd half)

Weekly activities: Spelling activities, guided reading with an adult (10 to 20 minutes each night recorded in reading diaries) and multiplication tables practice.

Complete a comprehension giving detailed answers. Worksheet provided.	Design your own Christmas card. It must have a religious theme.	How many bones in your skeleton can you name? Choose a diagram with or without clues - it's up to you!
Go star gazing (taken from 50 things to do before you're 11 $\frac{3}{4}$ by National Trust).	<u>Family Activity</u> Go out with your family for an autumnal walk. Enjoy the colours of the leaves and look out for other evidence of autumn eg beech nuts, acorns etc.	Do something unusual that raises your heart rate.
Improve your punctuation and grammar skills. Worksheet(s) provided.	Create an outdoor piece of artwork using natural materials eg leaves and twigs. Take a picture of your creation and stick it in your topic book.	How many times do you use fractions in your daily life? You might share a pizza equally into fractions for supper or share sweets equally with friends. Explain or photograph 4 occasions when you use fractions with your family and friends.
