Locally sourced food

This has now been endorsed for the second year running by the Soil Association Food for Life - Bronze Catering Award who promote home produced, high quality, fresh food using local suppliers. We work very closely with our suppliers to ensure high standards, not only in food quality, but also safety and hygiene.

We are now working towards the Silver Catering Mark Award for our menus. This includes sourcing foods which are environmentally friendly and ethical food. Pasta and beefburgers on the menu this term are now organic. We are looking at reducing plate waste and supporting eating well in schools as part of the Schools Food for Life programme.

The Catering Mark for menus is changing from 24th April 2017 becoming FOOD FOR LIFE SERVED HERE.
