

Class 1 - 22<sup>nd</sup> June 2020 Famous and significant people

Write down the names of the people in your family at your house. Count how many there are. Next write down members of your family that don't live at your house. Count how many there are in your whole family – Aunts, Uncles. Cousins

Talk to a grown up about famous people, it might be someone from the television, a sports personality or an author of a book. What do you like about that person?

Think about your favourite friend at school. Draw them a picture and write a little sentence about them. You could post it through their door or maybe take a photo of it and send it via the parent WhatsApp group.

Look on your book shelf, do you have any books that are written by the same author? I know at school we have lots of books written by Julia Donaldson. Is there a photo to show you what the author looks like? Is there a little bit of writing that tells you a bit of information about the author?

Look at Kandinsky's painting 'Circles'. Can you create your own? You could either cut out different coloured/sized circles or you could paint them straight onto a piece of paper

Talk to a grown up about who has been important in your lives over the last few months. Think about all of the lovely things that you have been able to do with your family. What have you enjoyed the most about lockdown? Who have you missed seeing? What have you missed doing?

Walk around your house, count how many bedrooms you have, count how many bathrooms there are. What other rooms do you have in your house? Which is your favourite room and why? If you could change anything about your house, what would you change?

Do you know who this lady is?

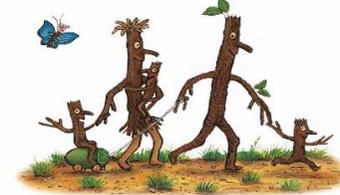

What is her job? Where does she live? Who is in her family?

Do you recognise this man?

Do you know what job he does? What number is the house that he lives at?

Can you make a stick person to represent everyone in your family? You could use leaves to make clothes. Think about who is the tallest in your family and who is the shortest. You could use string or elastic bands to attach things.

Ask Mummy or Daddy who their favourite pop group or singer was when they were younger. Ask them to play one of the songs. Did you like it? Do you have a favourite singer/pop group? Have a disco night, taking it in turns to pick the songs.

Sing your favourite song, can you tap/clap to the beat? Is it fast or slow?

Remember to practise writing your letters and numbers. You could use a paint brush and water to write them on the ground outside.
